

# THE ROAD (CAMINO) TO SANTIAGO

**DURATION:** 2 weeks

## **Dare to walk with Mary!**

The Sisters of Mary invite you to live a transforming experience: to walk the Camino de Santiago de Compostella. More than a physical journey, it will be an inner journey of encounter with God, the Blessed Mother, and the spiritual brothers and sisters we meet on the road.

St. John Paul II reminded us that "to go on pilgrimage is also to walk within oneself," that is precisely what we want to propose to you: a pilgrimage of the heart, where every step is an act of surrender, faith, and community.

We will carry the mission which Father Kentenich left us in our hearts: "We walk with Mary through life, with the certainty that she is the great Missionary, who works miracles of transformation in hearts".

What will you take away from this experience?

- A more profound encounter with God and yourself.
- The joy of serving and sharing faith in community.
- The certainty that the Blessed Mother walks with you every step.

**"Whoever decides for Mary will never walk alone." - Fr. Joseph  
Kentenich**

**We look forward to seeing you!**
